Introduction to Innovate UK and UKRI

UK Research and Innovation

We work with the government to invest over £7 billion a year in research and innovation by partnering with academia and industry to make the impossible, possible. Through the UK's nine leading academic and industrial funding councils, we create **knowledge with impact.**

**UK Research
and Innovation**

Innovate UK

- We are the UK's innovation agency
- We support business-led innovation in all sectors, technologies and UK regions
- A key delivery body of the Government's Innovation Strategy

Our Mission

To help UK businesses grow through the development and commercialisation of new products, processes, and services, supported by an outstanding innovation ecosystem that is agile, inclusive, and easy to navigate.

UK ranks 4th in Global Innovation Index

- Innovation accounts for up to 50% of labour productivity growth
- Firms that persistently invest in R&D have higher productivity
- Innovating companies are more likely to export and generate growth

Scope

Innovate
UK

Drivers for going global

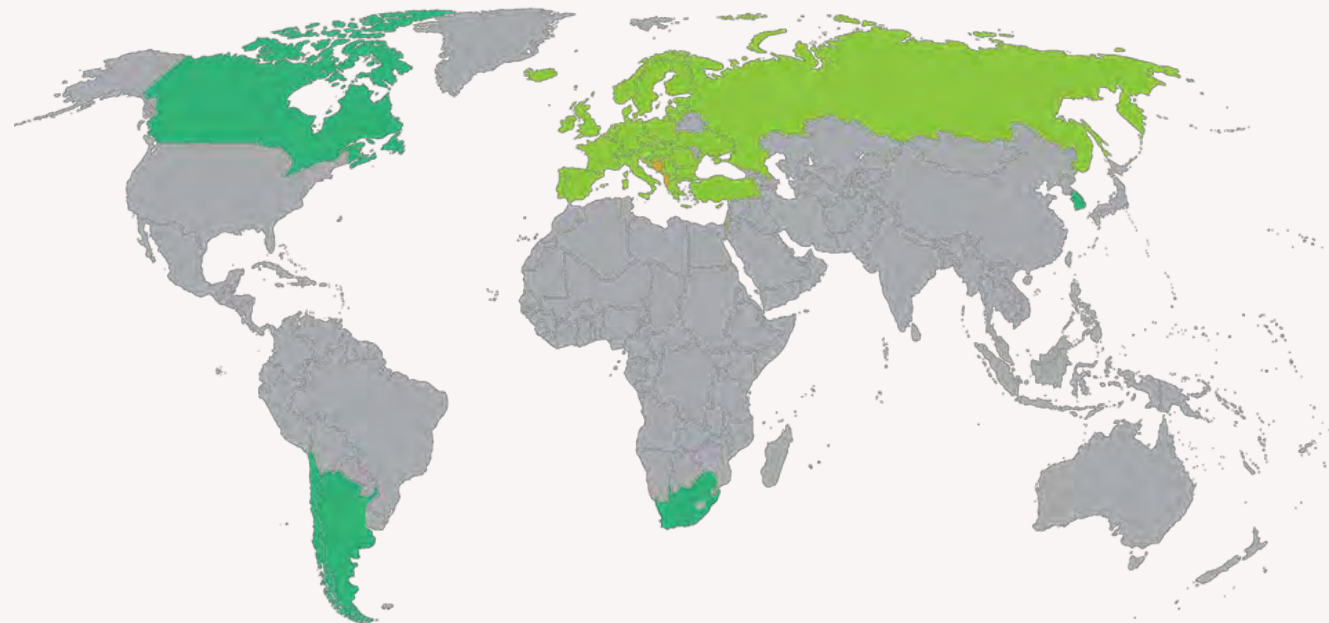

What is EUREKA?

Established in 1985 to support market-oriented R&D and innovation projects by industry, research centres and universities. Trusted framework facilitating bilateral and multilateral collaboration.

Involves 45 member states, including the European Union, with the potential to expand and to work with other countries.

Supports globalisation of businesses with innovative ideas.

Eureka programmes

Eurostars innovative Small or Medium-sized Enterprises (SMEs) aim higher

Globalstars flexibility for international partners (non-Eureka countries)

Network projects flexibility for international partners

Clusters thematic industry-led communities

Innowwide supports research and business ventures in new markets

Investment readiness drives companies towards private investment

Innovate
UK

UK Scope

Innovate UK is investing up to £2,500,000 to fund collaborative research & development (CR&D) projects focused on industrial research.

The UK, with other participating Eurostars countries are jointly funding this competition under the EUREKA framework.

Countries/regions with funding

 Austria	 Belgium (Brussels)	 Belgium (Flanders)	 Belgium (Wallonia)
 Canada	 Croatia	 Cyprus	 Czech Republic
 Denmark	 Estonia	 Finland	 France
 Germany	 Greece	 Hungary	 Iceland
 Ireland	 Italy	 Latvia	 Lithuania
 Luxembourg	 Malta	 Norway	 Poland
 Portugal	 Romania	 Singapore	 Slovakia
 Slovenia	 South Africa	 South Korea	 Spain
 Sweden	 Switzerland	 Türkiye	 United Kingdom

Israel is part of our Eurostars programme, but has no allocated budget for this call.

Italy has allocated budget for this call through the Ministry of Universities and Research (MUR).

UK Scope

The aim of this competition is to support international collaboration on R&D projects that create innovative products, processes or services for commercialisation.

Your project must have high market potential and develop at least one of the following:

- innovative products
- technology-based applications
- technology-based services

We want to fund a portfolio of projects, across a variety of technologies, markets, technological maturities, and research categories.

<https://eurekanetwork.org/programmes/eurostars/guidelines/>

<https://ec.europa.eu/docsroom/documents/42921> - SME Definition

UK Scope

Your collaborative R&D proposal must demonstrate:

- a clear game-changing or disruptive innovative idea leading to new products, processes or services
- a strong and deliverable business plan that addresses and documents market potential and needs
- sound, practical financial plans and timelines
- good value for money, which will always be a consideration in Innovate UK funding decisions
- a clear, evidence-based plan to deliver significant economic impact, return on investment (ROI) and growth through commercialisation, as soon as possible after project completion
- clear, considerable potential to significantly benefit the UK economy and/or national productivity
- the benefit of participants from the countries working together and how this adds value
- a clear definition of where intellectual property (IP) can be used and shared between the participants and countries
- a clear route to market within 2 to 3 years of project completion

Scope Q&A

Innovate
UK

Eligibility criteria

Eligibility criteria

Eurostars project eligibility	<ul style="list-style-type: none">• led by an innovative SME from a Eurostars country• composed of at least two entities that are independent of one another• composed of entities from at least two Eurostars countries with at least one organisation coming from an EU or Horizon Europe Associated Country• the budget of the SMEs from a Eurostars country, excluding subcontracting, is 50% or more of the total project cost• no single participant or country is responsible for more than 70% of the budget of the project• must be exclusively for civilian purposes
Innovate UK project eligibility	<ul style="list-style-type: none">• must be collaborative• organisations involved must be independent from each other• completed Eureka application• must be exclusively for civilian purposes
Total grant	up to €360,000 or 60% of eligible UK project costs
Start Date and Project length	1 April 2025 onwards and between 12 - 36 months

Compliance with the UK Subsidy Control Regime

On 4th January 2023, the [Subsidy Control Act 2022](#) came into effect.

This provides a framework for public authorities to design and award subsidies in a compliant way, whilst minimising any negative effects of subsidies both within the UK and Internationally.

Innovate UK offers funding in line with the UK's obligations and commitments to Subsidy Control. To ensure that Innovate UK remains compliant with the UK's international Subsidy Control duties in respect of:

- the EU-UK Trade and Cooperation Agreement;
- the subsidy control act 2022
- Article 10 of the Windsor Framework (successful applicants which are affected by the Windsor Framework will be funded in line with EU State aid regulations)
- Article 138 of the Withdrawal Agreement (some Union law applicable after 31 December 2020 in relation to the UK's participation in Union programmes and activities)
- the Subsidies and Countervailing measures within the WTO (ASCM)
- any other Free Trade Agreements active at the time of award

All awards will be conditional on compliance at all times with the UK's international obligations on Subsidy Control - this will be reflected in the terms and conditions of any award.

Due diligence

Under the Subsidy Control regime, we will carry out financial health checks and ongoing concern assurances on your organisation.

Certify you are eligible

When submitting an application, you must certify that you are eligible for funding. If you are unsure, please take independent legal advice before applying. Should you be successful, we will complete these financial checks and assurances before confirming the grant offer.

- For more information on company sizes, please refer to the [Company accounts guidance](#).
- Further information is available on our website in the general guidance.

Eligibility Criteria - EU State Aid Regulations – The Windsor Framework

If you are an applicant who is conducting activities that will affect trade of goods and/or electricity between Northern Ireland and the EU, as envisaged by [Article 10 of the Windsor Framework](#), then you must apply under European Commission State aid rules.

Undertaking in Difficulty

For applicants subject to the European Commission State aid rules, you will be required to prove that you were not an “Undertaking in Difficulty” (UiD). We will ask for evidence of this.

This test applies to:

- companies that are more than 3 years old
- companies where more than half of its subscribed share capital has disappeared as a result of accumulated losses
- your parent or holding company

Certify you are eligible

When submitting an application, you must certify that you are eligible for State aid. If you are unsure, please take legal advice before applying. Should you be successful, we will apply this test as part of our viability checks before confirming the grant offer.

Further information is available on our website in the [general guidance under state aid](#).

If you are applying for an award funded under State aid Regulations, the definitions for company size are set out in the [European Commission Recommendation](#) of 6 May 2003.

Eligibility Criteria: Funding Opportunities

For industrial research projects, you could get funding for your eligible project costs of:

- up to 60% if you are a micro or small business
- up to 60% if you are a medium-sized business
- if you are a large business, research or any other organisation then you must self-fund your participation

For general guidance on what our research categories are please visit:

<https://www.gov.uk/guidance/innovation-apply-for-a-funding-award#categories-of-research-and-development>

Participation Rules

The aim of this funding opportunity is to:

- optimise the level of funding to business and
- recognise the importance of research base to project

No more than 70% of total eligible project costs can be claimed by a single partner or by all partners from a single participating EUREKA member collectively.

Other Innovate UK projects

If you have an outstanding final claim or Independent Accountant Report (IAR) on a live Innovate UK project, you will not be eligible to apply to this competition, as a lead or a partner organisation.

We will not award you any further funding if you:

- applied to a previous competition as the lead or sole company and were awarded funding by Innovate UK, but did not make a substantial effort to exploit that award
- applied to a previous competition as the lead or sole company and failed to comply with grant terms and conditions.

Description

This competition is for UK businesses that want to apply to the Eureka Eurostars 3 Call 7. Please visit the [Eureka call for proposals web page](#) if you are not a UK applicant.

Innovate UK, part of UK Research and Innovation, is investing up to £2.5 million to fund collaborative research and development (CR&D) projects focused on industrial research.

The aim of this competition is to support international collaboration on R&D projects that create innovative products, processes or services for commercialisation.

This competition is open in theme and we will fund projects from all sectors, which meet the eligibility criteria.

Your project must have high market potential and develop at least one of the following:

- innovative products

UK main partner: create an account

The main partner in your project must register first. This must be a UK registered SME.

Create new application

Choose your organisation type

This is the organisation that will lead the application.

- Business
A person or organisation that provides goods or services in exchange for something of value, usually money.
- Research
Higher education and organisations registered with Je-S.
- Research and technology organisation (RTO)
Organisations which solely promote and conduct collaborative research and innovation.
- Public sector, charity or non Je-S registered research organisation
A not-for-profit organisation focusing on innovation.

If your organisation type is not listed contact the [customer support service](#).

Application Questions

Detailed guidance available on IFS

Application Form		Appendix?
Question 1	Animal Testing (not scored)	No
Question 2	Permits and Licences (not scored)	No
Question 3	Eureka Application (not scored)	Yes - mandatory

Application finances

To claim funding

Your business does not have to be UK registered with Companies House when you apply but must be registered to receive funding from Innovate UK.

You are unable to claim funding if:

- you are an overseas organisation, so your company number begins with FC
- your organisation is setup as a branch, so your company number begins with BR
- you are a collaboration with no formal structure of ownership or control, so your company number begins with ML
- you are a Crown Dependency:
 - if your company is based in Jersey, your company number begins with JE
 - if your company is based in Guernsey
 - if your company is based in the Isle of Man

British Overseas Territories

You are also unable to claim funding if your company is based in any of the British Overseas Territories (BOTs):

- Anguilla
- Bermuda
- British Antarctic Territory
- British Indian Ocean Territory
- British Virgin Islands
- Cayman Islands
- Falkland Islands
- Gibraltar
- Montserrat
- Pitcairn Islands
- Saint Helena, Ascension and Tristan da Cunha
- South Georgia and the South Sandwich Islands
- Turks and Caicos Islands

Labour

Eligible:

- staff working directly on project
- paid by PAYE
- NI, pension, non-discretionary costs

Ineligible:

- dividends
- bonuses
- non productive time
- overtime

Labour

£25,862 —

You can claim the labour costs of all employees you have working on your project.

► [Labour costs guidance](#)

If your application is awarded funding, you will need to account for all your labour costs as they occur. For example, you should keep timesheets and payroll records. These should show the actual hours worked by individuals and paid by the organisation.

Working days per year

Number of staff and roles within the project

Role within project	Gross employee cost	Rate (£/day)	Days to be spent by all staff at this grade	Total costs	
<input type="text" value="Project Manager"/>	<input type="text" value="50000"/>	£216	<input type="text" value="120"/>	£25,862	Remove
<input type="text"/>	<input type="text" value="0"/>	£0	<input type="text" value="0"/>	£0	Remove

[Add another role](#)

Total labour costs **£25,862**

Overheads

Innovate UK's definition

Additional costs and operational expenses incurred directly as a result of the project. These could include additional costs for administrative staff, general IT, rent and utilities

Indirect (administration) overheads

Please ensure they are additional and directly attributable to the delivery of the project

Direct overheads

- e.g. office utilities, IT infrastructure, laptop provision not covered by capital usage
- must be directly attributable to the project
- provide detailed breakdown together with methodology/basis of apportionment

Overhead costs £ 44,483 ▲

You can incur overhead costs associated with those directly working on the project as well as indirect (administration) overheads. To be eligible both overhead categories need to be directly attributable to the project. The indirect overheads need to be additional as well as directly attributable. Note that there are certain cost categories/activities which are not eligible. To find out which costs are ineligible/eligible refer to our [project costs guidance](#).

▶ [Overheads costs guidance](#)

No overhead costs

20% of labour costs

Calculate overheads

Calculate overheads

If you feel your overheads are higher than 20% you may calculate a value using the Innovate UK model in the spreadsheet available below. The model shows you which types of indirect costs associated with your project you may claim. For support with this option, please contact our Customer Support Service on 01793 44 2700. Any value claimed under this model will be subject to a review. This will assess the appropriateness of your claim if your grant application is successful.

 **Download the overhead calculation spreadsheet**
Download as an Excel document [overhead calculation spreadsheet.xlsx \(16KB\)](#)
Download as an Open Office document [overhead calculation spreadsheet.ods \(10KB\)](#)

Upload your completed spreadsheet
No file currently uploaded

Material costs

Please be clear on what the materials are, just putting consumables does not provide enough detail.

If insufficient information is provided, we will request more information should you be successful which may delay your project start date.

Materials £10,000 —

You can claim the costs of materials used on your project providing:

- they are not already purchased or included in the overheads
- they are purchased from third parties
- they won't have a residual/resale value at the end of your project. If they do you can claim the costs minus this value

[Please refer to our guide to project costs for further information.](#)

▶ [Materials costs guidance](#)

Please provide a breakdown of the materials you expect to use during the project

Item	Quantity	Cost per item (£)	Total	
<input type="text" value="Software"/>	<input type="text" value="1"/>	<input type="text" value="10000"/>	£10,000	Remove
<input type="text"/>	<input type="text" value="0"/>	<input type="text" value="0"/>	£0	Remove

[Add another materials cost](#)

Total materials costs **£10,000**

Capital equipment usage

Eligible:

Used in the project or shared with day-to-day production.

Calculations will need to be in line with your accounting practices.

Even if the equipment is depreciated fully over the life of the project this must be added under capital equipment.

Capital usage	£750 —
You can claim the usage costs of capital assets you will buy for, or use on, your project.	
▶ Capital usage guidance	
Please provide a breakdown of the capital items you will buy and/or use for the project.	
<hr/>	
Item description	<input type="text" value="Laptop"/>
New or existing item	<input checked="" type="radio"/> New <input type="radio"/> Existing
Depreciation period (months)	<input type="text" value="24"/>
Net present value at the start of your project or the price you bought it for (£)	<input type="text" value="2000"/>
Residual value at end of project (£)	<input type="text" value="500"/>
Utilisation (%)	<input type="text" value="50"/>
Net cost	£750

Subcontractors

Subcontractors are allowed in this competition, but they must not account for more than 20% of the UK partners total eligible costs.

Justified and quantified.

If non-UK subcontractors are being used, you will need to provide strong justification on why an UK-based subcontractor is not being used.

If you are subcontracting to a parent or sister company, please ensure you list at cost and do not include profit.

You can subcontract work if you don't have the expertise in your project team. You can also subcontract if it is cheaper than developing your skills in-house.

► [Subcontracting costs guidance](#)

Please provide details of any work that you expect to subcontract for your project.

Subcontractor name

Robotics experts ltd

Country where the subcontractor will work

UK

Role of the subcontractor in the project and description of the work they'll do

facilitation and availability of robotics labs

Cost

36795

Travel and subsistence

Eligible:

Costs must be directly linked to the project.

Please breakdown your costs as follows:

- Travel
- Accommodation
- Subsistence

If you have an annual trip to visit the parent company this is not an eligible cost.

Travel and subsistence				£ 3,000 ▲		
Purpose of journey or description of subsistence cost				Number of times	Cost each (£)	Total (£)
Travel to robotics labs for testing	12	100	£ 1,200	Remove		
monthly project meetings	12	150	£ 1,800	Remove		
Add another travel cost						
Total travel & subsistence costs					£ 3,000	

Other costs

Costs that could not be added under previous headings

Do not double count

Patent filing costs for new IP – SMEs up to £7,500

Other costs

£ 0 ▲

Please provide details of any project costs which cannot be covered by the other cost categories.

► [Other costs guidance](#)

Please note that legal or project audit and accountancy fees are not eligible and should not be included as an 'other cost'. Patent filing costs of new IP relating to the project are limited to £7,500 for SME applicants only. Please provide estimates of other costs that do not fit within any other cost headings.

Description and justification of the cost

Estimated cost (£)

[Add another cost](#)

Funding

Funding rules

The level of funding awarded is fixed on this call at €360,000 or 60% of eligible UK project partner costs

IFS will advise the maximum grant % you can request but does not total check project costs.

Consortium

Worked example – £353k total project cost project

Project costs for 3 SMEs partners, doing industrial research.

Organisation type	Organisation size	Total eligible project costs	Maximum % of project costs which may be claimed as a grant	Requested grant amount	Required match funding contribution
Business	Micro	£130,000	60%	£78,000	£52,000
Business	Small	£93,000	60%	£55,800	£37,200
Business	Medium	£130,000	60%	£78,000	£52,000
Total		£353,000		£211,800	£141,200

Customer Support can help resolve any issues you might have when submitting but only if they are contacted before the deadline. Once the deadline has passed, your application cannot be submitted.

How are successful applicants selected for funding?

- EUREKA assessors will score each section of your EUREKA application, your IFS application is not scored.
- You will receive email notification to offer grant funding or to inform you that your application has been unsuccessful on this occasion.
- Whether successful or unsuccessful in receiving grant funding, you will receive feedback on your application. It is intended to be constructive in nature and to highlight both the strong as well as the weak areas of your application.

Project setup for successful applicants

Innovate
UK

Notification

If you are unsuccessful in this competition

You can use the feedback from the assessors to develop your idea and apply into another competition that allows previously submitted applications

If you are successful in this competition

- you will be assigned a Delivery Executive who will guide you through the Project Set Up process
- you will have 5 days to complete the project team, project details and bank details
- you will then have 60 days to complete project set up – funding may be withdrawn if this is not completed within this timeframe

Please ensure all your contact details in the IFS portal are correct and up to date and that you regularly monitor it.

Project set up

- All communication will be through IFS.
- Lead applicant must provide collaboration agreements and exploitation plans if applicable.
- Any partners with individual total project costs of **up to** £50,000 must provide evidence with a Statement of Expenditure (SoE).
- Any partners with individual total project costs **above** £50,000 must provide evidence with an Independent Accountants Report (IAR).

Project delivery

- All grants are paid monthly in arrears and are only paid following quarterly reporting and necessary audits.
- Claims can only be made for costs incurred and paid between the project start and end dates.
- Monitoring of the project includes a visit from the appointed Monitoring Service Provider.

Additional Support

Equality, Diversity & Inclusion

- We are on a mission to embed Equality, Diversity, and Inclusion in everything we do, internally and externally.
- We believe that great ideas can, and do, come from anyone and everyone.
- We know that diversity and inclusion in businesses contributes to enhanced innovation, satisfaction, performance, and ultimately, commercial success.

Available Support

- We welcome and encourage applications from people of all backgrounds and are committed to making our application process accessible to everyone.
- This includes providing support for people who have a disability or long-term condition and face barriers applying to us.
- So, if you would like any support, please contact our Customer Support Service Team on support@iuk.ukri.org or at **0300 321 4357**.

What to Expect

1.

Contact our Customer Support Services team by email or phone as early as possible.

We suggest at least 15 working days before the deadline.

2.

Our Customer Support Service team will refer you to our partner.

3.

They will conduct a Discovery Conversation with you and make recommendations for additional support.

4.

They will organise and deliver bespoke additional support for and with you.

5.

Submit your application!
Please do so well ahead of the deadline as extensions cannot be provided.

Innovate UK Business Growth

Bespoke growth and scaling support at the business end of innovation

- Intensive growth and scaling support tailored to the needs of each of our ambitious innovation-driven clients
- Offered alongside project funding to Innovate UK award winners, most of whom engage us. We are also available to all high growth potential innovative small or medium-sized businesses*
- Engagement at early, growth and scaling stages, with our core high growth service and enhanced Scaleup Programme
- Delivered by 290 innovation and growth specialists embedded in regional ecosystems across the UK, including a board of expert scaleup directors

**subject to eligibility and currently in all nations and regions outside Scotland*

Innovate UK Business Growth

An innovation and growth specialist, or scaleup directors, work with a company's leadership to hone its commercial strategy and help it take targeted action to, for example:

- Build investment readiness
- Manage innovation effectively
- Enter global markets
- Providing local to national to international growth and scaling support
