UK

Future offshore wind technologies: industrial research

Applicant Briefing

Date: **13 April 2026**

The webinar will start at **2pm**

- Welcome, we are currently waiting for more people to join
- This briefing will be recorded. A copy of the slides and the recording link will be made available on IFS
- Please enter any questions that you may have into the Q&A Box
- For more information on the competition process, please [view our YouTube channel](#)

Welcome and Introductions

Applicants informed	8 July 2026 by 5pm
Project start and end dates	Start by 1 October 2026 End by 31 March 2028

Competition Summary & Scope

Innovate
UK

Summary

Innovate UK, part of UK Research and Innovation, will invest up to £10 million in Offshore Wind innovation projects across 2 competition strands. Strand 2 (this strand) is for Industrial Research.

The aim of this competition is to support mid-stage innovation projects within 3 of the 5 "Make" priorities outlined in the [Offshore Wind Industrial Growth Plan](#).

The scope of your proposal must focus on industrial research in 1 of the following 3 priority areas:

1. advanced turbine technology: offshore wind turbine blades and towers
2. industrialised foundations and substructures: deep water solutions
3. future electrical systems and cables: reducing cable failure rates

A separate briefing event was held this morning for strand 1, Feasibility Studies.

Differing scope and eligibility criteria apply. Please ensure you submit your application to the correct competition strand for your project. You will not be able to transfer your application between strands.

Priority area 1 of 3:

Advanced turbine technology

Your project must focus on one or more of the following:

- technologies that improve manufacturing quality, consistency and output of blades and towers which increase the rate of manufacture, improve the quality of manufactured output, or reduce whole life costs
- products and services to cost effectively improve blade energy yield, reliability or durability in operation

We are not funding projects that are focused on:

- other turbine technologies not related to blades or towers
- operations and maintenance technologies or services

Priority area 2 of 3:

Industrialised foundations and substructures

Your project must focus on one or more of the following:

- deep-water solutions greater than 50m: technologies which decrease costs and improve reliability, including moorings and anchors, installation methods and major component exchange methods, or scalable fabrication and assembly methods
- novel deep-water designs

We are not funding projects that are focused on:

- solutions which are not suitable for deeper waters greater than 50m
- operations and maintenance technologies or services
- vessels

Priority area 3 of 3:

Future electrical systems and cables

Your project must focus on one or more of the following:

- solutions to improve offshore wind related transmission system reliability, including export and array cables, and which reduce failures during manufacture, installation, or in operation
- solutions to improve joint repairs, cable protection or monitoring systems

We are not funding projects that are focused on:

- technologies related to onshore transmission systems
- technologies related to onshore and offshore substations
- development of energy storage technologies or energy storage integration with the grid
- innovations which are at an academic state of maturity, for example, those which are TRL 4 and below

Priority area 3 of 3:

Future electrical systems and cables

Your project must focus on one or more of the following:

- solutions to improve offshore wind related transmission system reliability, including export and array cables, and which reduce failures during manufacture, installation, or in operation
- solutions to improve joint repairs, cable protection or monitoring systems

We are not funding projects that are focused on:

- technologies related to onshore transmission systems
- technologies related to onshore and offshore substations
- development of energy storage technologies or energy storage integration with the grid
- innovations which are at an academic state of maturity, for example, those which are TRL 4 and below

Webinars & online support

Innovate UK Business Connect has organised several online events to answer questions and help applicants find project partners.

Online webinars

1. FAQ and consortia building session: 23 April 2026
2. Drop-in surgeries: 28 April, 5 May, 19 May

Please register for 1 or more of these online webinars via QR code 1 or:

<https://web-eur.cvent.com/event/6c75d597-4aa5-4996-8c5d-645f837860a8/summary>

If you would like to pitch your project idea on 23 April, please submit an EOI via QR code 2 or:

<https://www-eur.cvent.com/c/abstracts/db309e08-3ad0-4265-b7d7-b9d6c8711bab>

B2Match networking platform

To help find a project partner, you can utilise the B2Match networking platform, QR code 3 or:

<https://www.b2match.com/e/offshore-wind-innovation-programme>

1. Register and create a profile
2. Outline your project idea and the type of project partner you are looking to collaborate with

Eligibility criteria

Innovate
UK

Eligibility Criteria – Your Project

Your project must:

- have total costs of between £150,000 and £1.5 million
- last between 12 and 18 months
- start by 1 October 2026
- end by 31 March 2028

Eligibility Criteria – Lead Organisation

Lead organisation:

To lead a project your organisation must:

- be a UK registered business of any size. The consortium must contain at least one UK registered micro, small or medium sized enterprise (SME) claiming grant funding on this application.

More information on the different types of organisation can be found in our Funding rules.

Eligibility Criteria – Collaboration

For this competition your project must be collaborative.

In all collaborative projects there must be:

- at least two grant claiming partners
- evidence of an effective collaboration

(This means one partner must not account for more than 70% of the eligible costs and you must include rationale for the collaboration and describe the structure in the application.)

For example:

If the total project costs are **£1,000,000** the maximum costs that can be accounted for by any partner is **£700,000**

Eligibility Criteria – Project Team

Project team

To collaborate with the lead, your organisation must be one of the following UK registered:

- business of any size
- academic institution
- research and technology organisation (RTO)

Eligibility Criteria – Partners/Subcontractors

Non-funded partners

Your project can include organisations who do not claim any funding for their work on the project. Their costs will be covered from their own resources. These can include UK, EU and other non-UK organisations. Non-UK partners are permitted to carry out project work from within their home countries and exploit the results outside the UK.

Where non-funded partners have been invited to the application on IFS, their costs will count towards the total eligible project costs.

Subcontractors

Subcontractors are allowed in this competition.

Subcontractors can be from anywhere in the UK and you must select them through your usual procurement process.

You can use subcontractors from overseas but must make the case in your application as to why you cannot use subcontractors from the UK.

You must provide a detailed rationale, evidence of the potential UK contractors you approached and the reasons why they were unable to work with you. We will not accept a cheaper cost as a sufficient reason to use an overseas subcontractor.

All subcontractor costs must be justified and appropriate to the total eligible project costs.

Eligibility Criteria – Number of applications

Number of applications

A business can lead on up to two applications but can be included as a collaborator in any number of applications.

All eligible organisations can collaborate on any number of applications.

Previously submitted applications

This competition **does not** allow you to submit a previously submitted application.

Previously submitted application	Not a Previously submitted application
<p>A previously submitted application is an application Innovate UK judges as <u>not</u> materially different from one you have submitted before (but it can be updated based on the assessors' feedback).</p> <p>If you have previously submitted an application that reached our assessment stage, you can re-apply once more with the same proposal.</p>	<p>A brand-new application, project or idea that you have not previously submitted into an Innovate UK competition.</p> <p>or</p> <p>A previously submitted or ineligible application which:</p> <ul style="list-style-type: none">• has been updated based on assessor feedback• <u>and</u> is materially different from the application submitted before• <u>and</u> fits with the scope of this competition

Innovation Funding Service (IFS)

Creating an account

Select the radio button that aligns with your organisation type to apply as the project lead or partner..

For pre-existing businesses and Research organisations

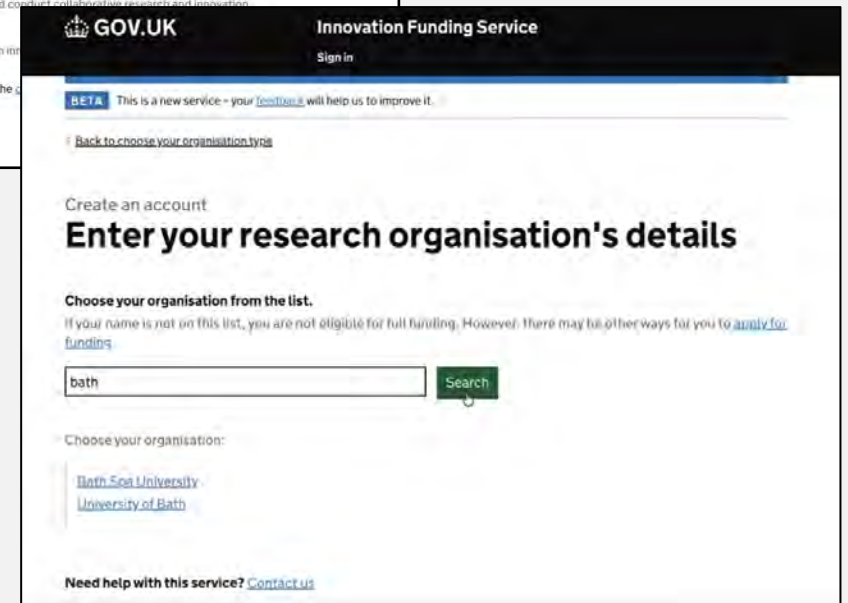

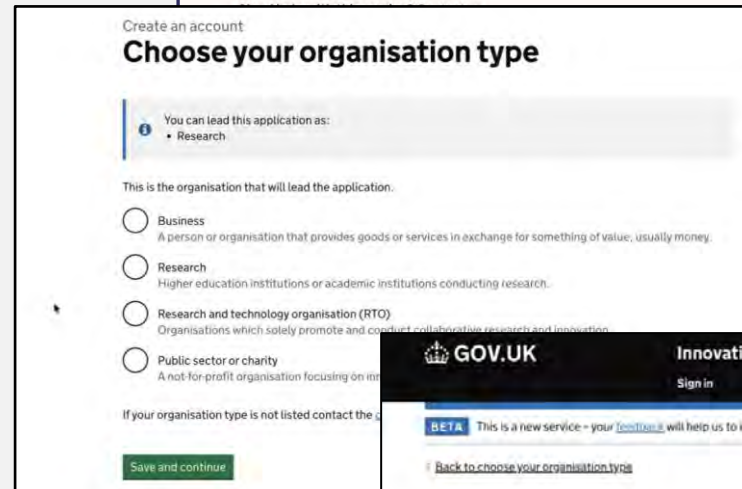

Use Companies House lookup using your company number. This facilitates our checks later if you are successful.

Academic Institutions

Are asked to enter their name and select from the list of organisations presented

If your organisation is yet to be formed

You will need to enter your information manually, should you be successful, you will need to be a registered organisation to receive funding.

Application Questions

Application Form		Word Count	Appendix
Question 1	Applicant location (not scored)	400 words	No
Question 2	Animal testing (not scored)	Multiple choice	No
Question 3	Permits and licences (not scored)	Multiple choice	No
Question 4	International Collaboration (not scored)	400 words	No
Question 5	Export licence (not scored)	Multiple choice	No
Question 6	Trusted Research and Innovation (not scored)	400 words	No
Question 7	Need or challenge	400 words	No
Question 8	Approach and innovation	400 words	Yes – optional, 2 pages
Question 9	Team and resources	400 words	Yes – optional, 2 pages
Question 10	Market awareness	400 words	No
Question 11	Outcomes and route to market	400 words	No
Question 12	Wider impacts	400 words	No
Question 13	Project management	400 words	Yes – mandatory, 2 pages
Question 14	Risks	400 words	Yes – mandatory, 2 pages
Question 15	Added value	400 words	No
Question 16	Costs and value for money	400 words	No

National Security and Investment Act - overview

Subject to certain criteria, UK applicants are legally required to tell the government about acquisitions of certain entities in 17 sensitive areas of the economy (called 'notifiable acquisitions').

<https://www.gov.uk/government/publications/national-security-and-investment-act-guidance-on-notifiable-acquisitions/national-security-and-investment-act-guidance-on-notifiable-acquisitions>

These 17 areas are:

- Advanced Materials
- Advanced Robotics
- Artificial Intelligence
- Civil Nuclear
- Communications
- Computing Hardware
- Critical Suppliers to Government
- Cryptographic Authentication
- Data Infrastructure
- Defence
- Energy
- Military and Dual-Use
- Quantum Technologies
- Satellite and Space Technologies
- Suppliers to the Emergency Services
- Synthetic Biology
- Transport

If there is significant uncertainty about whether an acquisition is notifiable, you may contact the government on **investment.screening@cabinetoffice.gov.uk** to seek a view or get legal advice from your own sources.

UK Strategic Export Controls - overview

[UK strategic export controls - GOV.UK](https://www.gov.uk/guidance/uk-strategic-export-controls)

The UK government has put together this guidance for those who export or transfer goods, software or technology (including data, information and technical assistance) which might be subject to strategic export controls.

It explains what control lists are, as well as who they apply to and when, so that exporters can make sure they comply with the law.

Applicants should assess how these controls may impact the project and confirm if they will need a licence (see question 5).

Q4 International Collaboration (not scored)

Does your proposed work involve any international collaboration or engagement?

You must provide details of any expected international collaboration or engagement. You must include a list of the names and the countries any international project co-leads, project partners, visiting researchers, or other collaborators are based in. You must also include details of any subcontractors or service providers.

If your proposed work does not involve international collaboration or engagement, your answer must confirm this.

Q6 Trusted Research and Innovation (not scored)

You must explain if your proposed project work relates to UKRI's Trusted Research and Innovation Principles, including:

- a list of any dual-use (both military and non-military) applications to your research
- a list of the areas where your project is relevant to one or more of the 17 areas of the UK National Security and Investment (NSI) Act)
- whether an export control license is required for this project under the academic export control guidance and the status of any applications
- a list of any items or substances on the UK Strategic Export Control List

We may ask you to provide additional TR&I information at a later date, in line with UKRI TR&I Principles and funding terms and conditions

Project Impact questions

- Each organisation in your application will complete the Project Impact questions within the 'Supporting information' section
- The Project Impact questions ask for data about your business and innovation and its contribution to the UK economy, society, and the environment
- Visit the [Project Impact guidance](#) page for more information, the types of questions you will be asked and how to get further support
- By providing this data, you are enabling us to better understand the impact of our support. It will help us identify success stories and provide evidence to government and the public of the value of supporting innovative businesses

For more information:

Your project costs

Add your project costs by category – refer to previous slide for link to instructional video

Your project location

Enter postcode for where most of the project work will take place.

Your organisation

Add details of your organisation including size, turnover and number of employees

Your funding

Include your funding level percentage according to the competition's funding rules.

You can declare Other Public Sector Funding here if you have previously received public money for **exactly** the same activities

Checking your finances are complete

Finances summary

These organisations have not marked their finances as complete:

- Ludlow
- EGGS

This application cannot be submitted until all items in the finances section have been marked as complete by all partners.

		Total costs (£)	Funding level (%)	Funding sought (£)	Contribution to project (£)	Other public sector funding (£)
Empire Ltd Lead organisation	✓	200,903	30.00	57,803	140,632	2,468
Ludlow Partner	⚠	200,903	30.00	57,803	140,632	2,468
EGGS Partner	⚠	990	100.00	990	0	0
Total	⚠	£402,796		116,596	281,264	4,936

Check your finances have been correctly entered, with the correct costs, funding level % and funding sought figures, as per the eligibility criteria of the competition.

If collaborative, the lead must ensure that all partners have marked their finances as complete.

Research organisation participation must be no greater than **30%** of the total project costs.

IFS DOES NOT VALIDATE TOTAL PROJECT COSTS

Terms and Conditions

Before you can submit your application, **all** organisations in an application must agree to the draft terms and conditions for this competition. Please ensure you share the T&Cs with your legal team at the earliest possible opportunity.

Pros & Cons of using AI to support you

With the advances in AI technology, it is only natural to use technology to support you in applying to our competitions. Whilst we don't recommend or advise against it, we would like to make you aware of the following which could potentially impact your project.

Pros

- Removes barriers for people with disabilities and non-English speakers
- Allows you to rephrase your content to meet the word count in a question
- Ensures all aspects of a question are answered
- Can aid a better understanding of:
 - intended/wider market
 - best practice in project management
 - complementary technologies and advances in the industry
 - expected project impacts

Cons

- It is not always accurate in its assumptions and can get things wrong
- AI learns from the information you give it as well as what it has already learnt
- May provide a generic response meaning your application could use similar phrasing to others
- AI can be detected as non-human as it lacks expression and insight because it relies on logic to summarise information based on the question asked

Changes for Academics

Academic cost categories

Your project costs

Provide the project costs for **XXXXX**

Only your organisation can see this level of detail. All members of your organisation can access and edit your project finances. We recommend assigning completion of your project finances to one member of your team.

All finances need to be provided before this application can be submitted. If there are any finances outstanding at the competition deadline this application will not be submitted into this competition.

Provide key figures from your project costs to allow your partners to see the overall project costs and contribution required from Innovate UK.

I confirm that my organisation's research office has approved my project costs based on the TRAC guidelines.

- A mandatory requirement to upload their detailed costs
- Must be a PDF format
- Approved by their research office

Funding Rules

You are unable to claim funding if

- you are an **overseas organisation** - your company number begins with **FC**
- your organisation is **setup as a branch** - your company number begins with **BR**
- you are a **collaboration with no formal structure of ownership or control** - your company number begins with **ML**
- you are a **Crown Dependency**:
 - if your company is based in **Jersey** - your company number begins with **JE**
 - if your company is based in **Guernsey**
 - if your company is based in the **Isle of Man**

Other Innovate UK projects

If you have an **overdue** final claim or Independent Accountant Report (IAR) on a live Innovate UK project, you will not be eligible to apply to this competition, as a lead or a partner organisation.

We will not award you any further funding if you:

- applied to a previous competition as the lead or sole company and were awarded funding by Innovate UK, but did not make a substantial effort to exploit that award
- applied to a previous competition as the lead or sole company and failed to comply with grant terms and conditions
- please note if you have a live project in progress this does not prohibit you from entering this competition

Compliance with the UK Subsidy Control Regime

On 4th January 2023, the [Subsidy Control Act 2022](#) came into effect.

This provides a framework for public authorities to design and award subsidies in a compliant way, whilst minimising any negative effects of subsidies both within the UK and Internationally.

Innovate UK offers funding in line with the UK's obligations and commitments to Subsidy Control. To ensure that Innovate UK remains compliant with the UK's international Subsidy Control duties in respect of:

- the EU-UK Trade and Cooperation Agreement;
- the subsidy control act 2022
- Article 10 of the Windsor Framework (successful applicants which are affected by the Windsor Framework will be funded in line with [EU State aid regulations](#))
- Article 138 of the Withdrawal Agreement (some Union law applicable after 31 December 2020 in relation to the UK's participation in Union programmes and activities)
- the Subsidies and Countervailing measures within the WTO (ASCM)
- any other Free Trade Agreements active at the time of award

All awards will be conditional on compliance at all times with the UK's international obligations on Subsidy Control - this will be reflected in the terms and conditions of any award.

Subsidy Control (and State aid where relevant)

The Subsidy Control Act 2022 definition of a 'subsidy' means financial assistance which:

1. is given by a public authority. This can be at any level: central, devolved, regional or local government or a public body.
2. makes a contribution (this could be a financial or an in-kind contribution) to an enterprise, conferring an economic advantage that is not available on market terms.
3. affects international trade.

For awards made from 4 January 2023, the majority are subject to Subsidy Control Act 2022. EU State aid rules now only apply in certain limited circumstances.

Financial viability and eligibility

Innovate UK is unable to award funding to organisations that are considered to be in financial difficulty. All applicant organisations are subjected to financial viability and eligibility checks to ensure they are suitable for public funding.

[General guidance on Subsidy control \(and State aid where relevant\).](#)

Article 10 of the Windsor Framework

The EU and the UK formally adopted the [Windsor Framework](#) on 24 March 2023.

The Windsor Framework replaces the Northern Ireland Protocol, providing a new legal and UK constitutional framework.

Article 10 provides that European Union State aid rules will continue to apply to the UK in respect of measures which affect trade in goods or the electricity market between Northern Ireland and the EU.

Article 10 does not directly apply to subsidies for services and such subsidies will need to comply with the UK's subsidy control regime.

Undertakings in difficulty

In the unusual circumstance of an award having to be made under the EU GBER regulation (State aid), the applicant must pass **'undertaking in difficulty' checks as defined by GBER (2014)**.

Guidance on [Article 10 of the Windsor Framework](#).

Research, Development and Innovation Streamlined Subsidy Scheme

- Designed by Government to award subsidies to enterprises if they met defined criteria contained within the [Scheme](#)
- 3 categories available please check the competition you are applying for applicable categories
 - Feasibility Studies
 - Industrial Research and Experimental Development
 - Small and Medium Sized Enterprise (SME) Research, Development and Innovation Support
- When submitting an application as part of our due diligence you will be asked to declare any previous awards made in the 'applicable period' to ensure limits are not breached.
 - The applicable period is made up of:
 - (a) the elapsed part of the current financial year
 - (b) the two financial years immediately preceding the current financial year

Category 2: Industrial Research and Experimental Development Projects

For Industrial Research projects, you could get funding for your eligible project costs of:

- up to 70% if you are a micro or small organisation
- up to 60% if you are a medium-sized organisation
- up to 50% if you are a large organisation

Eligible costs please refer to the competition to which you are applying.

For a detailed definition of these research categories see [guidance document section 14.3.](#)

Project setup

If you pass the technical assessment, you will have a further eight steps detailed in your notification to complete in Project Setup before being able to start your project.

These are:

- Project details
- Project team
- Documents
- You will be allocated a Monitoring Service Provider (MSP)
- Bank details
- Finance checks
- Spend profile
- Grant Offer Letter

Please share the T&Cs with your legal team at the earliest possible opportunity to avoid any delays.

You are expected to complete all the steps above within **60 calendar** days of receiving your notification. Failure to do so may result in funding being withdrawn.

Work can only commence on your project once you have received your Go Live email.

How you get paid

- Grants are claimed and paid out following authorisation, **quarterly in arrears**
- Organisations being funded at less than 100% will need to provide evidence that they will have funding available to meet their share of costs
- You can only claim for costs incurred between your project's start and end date
- Grant can only be paid into an approved UK bank account

Additional Support

Reasonable adjustments

We welcome and encourage applications from people of all backgrounds and are committed to making our application process accessible to everyone. This includes making [reasonable adjustments](#), for people who have a disability or a long-term condition and face barriers applying to us.

You can contact us at any time to ask for guidance. We recommend you contact us at least 15 working days before this competition's closing date to allow us to put the most suitable support in place. The support we can provide may be limited if you contact us close to the competition deadline.

You can contact Innovate UK by [email](#) or call 0300 321 4357. Our phone lines are open from 9am to 12pm and 2pm to 5pm UK time, Monday to Friday (excluding bank holidays).

Reasonable adjustments – what we need from you

To apply for a reasonable adjustment we will need to collect some information from you, below is the list of what we need:

- Name
- Organisation
- Email address
- Phone number
- Competition you are applying to
- Application number if you've started an application
- Consent to pass info to Innovate UK Business Connect

This information must be given to Innovate UK Customer Support Services, Business Connect are unable to provide support without a referral from CSS

Further information on the process can be found here <https://iuk-business-connect.org.uk/how-we-help/reasonable-adjustments-service/>

Reasonable adjustments – what we can do

Below is a list of possible adjustments we can make, this list is not exhaustive and not every adjustment will be appropriate for you, adjustments will be made on a case-by-case basis:

- Proofreading
- Clarifying language
- Resources
- Introduction to experts
- Time management
- Note-taking

Reasonable adjustments – what we can not do

The reasonable adjustments offered are designed to remove barriers to applying, they are not designed to make decisions for you or give you advice on an application. With that in mind, the support we offer does not include the below:

- Providing deadline extensions
- Choosing which competition to apply to
- Developing an idea
- Advising whether your idea is in scope for a competition
- Offering financial advice
- Helping with research

Innovate UK Business Growth

The indispensable partner for ambitious innovators

We equip innovation-focused businesses to **make the best strategic choices** and **harness the right resources** to accelerate their growth.

Thousands of innovators benefit from our **intensive and tailored advisory support** to achieve their ambitious goals every year.

We are in their corner – do you want us in yours? Visit iukbg.ukri.org to learn more.

97% of clients would recommend us

94% report that our service has had a positive impact on their growth

“Innovate UK Business Growth gave us the tools to grow with confidence”

Natali Georgieva, Co-founder at ALIANAz

Who do we support?

- Ambitious, innovation-focused businesses that have won an Innovate UK competition, and are growing strongly or have high growth potential, may be contacted about support
- Registered at Companies House with up to 250 employees
- Management teams motivated to engage fully with us to help achieve growth milestones

Cyber Action Toolkit

The NSCS has created a free [Cyber Action Toolkit](#) that gives clear bite-sized actions to protect small businesses, their money and reputation from cyber crime' The NSCS has created a free [Cyber Action Toolkit](#) that gives clear bite-sized actions to protect small businesses, their money and reputation from cyber crime

Search “NCSC cyber toolkit” or click here: <https://cybertoolkit.service.ncsc.gov.uk/>

The screenshot shows the landing page for the Cyber Action Toolkit. At the top left, there is a green circular icon followed by the text "Cyber Action Toolkit". At the top right, there are two buttons: "Sign in" with a user icon and "Get free toolkit" in a blue box. The main heading in the center reads "Start protecting your business with our free cyber toolkit", where "free" is underlined with a yellow brushstroke. Below this, a sub-headline states: "The Cyber Action Toolkit gives you clear, bite-sized actions to protect your business's money and reputation from cyber criminals." At the bottom, it says "Provided by" followed by the logos for the National Cyber Security Centre and the UK Government.

Contact Business Growth

The preferred way to get in touch with us is via email using the form below – we aim to reply within 2 working days. However, we will also be available by telephone during working hours (9am-5pm) and an answerphone will be available at all other times or when our lines are engaged (we will return your call as soon as possible). Please note that you cannot access our colleagues at Innovate UK through these channels.

If you're not from the UK, please [contact your local EEN branch](#).

You can also refer to [our FAQs page](#) to find answers to frequently asked questions about our services.

Telephone | 0300 123 3066

Name

Email

Telephone

Company name

Registered company name or intended trading name

Note: The service is offered to all Innovate UK competition winners but any suitable ambitious innovation-focused businesses with under 250 employees can be supported

Funding opportunities

To find out more about the competitions currently available you can visit either the [Innovation Funding Service \(IFS\)](#) or the [funding finder](#) on the UKRI website. Through these links, you can review the competitions available and decide which ones may be right for you.

You can [sign up to our newsletter](#) to receive all the latest information on our competitions straight to your inbox or [register for email alerts](#) to get page updates from Innovate UK.

The government also offers [other opportunities for businesses to get finance and support](#).

Innovate UK reserves the rights to host competitions on a needs basis and will adjust each competition criteria and scope accordingly. We may occasionally run closed competitions that are for invited applicants only. These are run based on the challenge requirement or need.

Q&A

Innovate

Webinars & online support

Innovate UK Business Connect has organised several online events to answer questions and help applicants find project partners.

Online webinars

1. FAQ and consortia building session: 23 April 2026
2. Drop-in surgeries: 28 April, 5 May, 19 May

Please register for 1 or more of these online webinars via QR code 1 or:

<https://web-eur.cvent.com/event/6c75d597-4aa5-4996-8c5d-645f837860a8/summary>

If you would like to pitch your project idea on 23 April, please submit an EOI via QR code 2 or:

<https://www-eur.cvent.com/c/abstracts/db309e08-3ad0-4265-b7d7-b9d6c8711bab>

B2Match networking platform

To help find a project partner, you can utilise the B2Match networking platform, QR code 3 or:

<https://www.b2match.com/e/offshore-wind-innovation-programme>

1. Register and create a profile
2. Outline your project idea and the type of project partner you are looking to collaborate with
